Order Today! Ships Today!

Indoor Cabinets

- Available in powder coated steel, stainless steel, or wood.
- Metal cabinets come in three sizes...compact, standard and tall... in three mounting styles...surface, semi-recessed and recessed.
- Tall style cabinets provide extra space so you can store a small oxygen cylinder or a first aid kit with your AED.
- Wood cabinets, standard or compact, are custom made in your choice of wood and finish.

Outdoor Cabinets

These durable all-weather, surface-mount cabinets are made of strong fiberglass, with stainless hardware and heavy-duty seals.

Optional Audible Alarms and Strobe Lights

Optional built-in strobe lights are available for surface mount cabinets equipped with an audible alarm. Satellite strobe lights are available for recessed and semi-recessed mount cabinets equipped with an audible alarm.

Built-in Strobe for Surface-Mount Cabinets

Satellite Strobe for Recessed and Semi-Recessed Cabinets
