# AEDSuperstore®

An ALLIED 100™ Company | World's Largest Automated External Defibrillator Source

## Inspect Your AED Routinely to Keep it Ready for Rescue!

- A helpful reminder of inspection dates.
- Use to create the written record required by some local and state authorities.

## Order Today! Ships Today!

- **Two-sided tag** has space to record the AED's serial number, model number, electrode expiration date, and battery installation date.
- **Durable construction.** Made of weather-resistant plastic with sturdy brass grommet for secure attachment to your AED.
- **Easy-write surface** to record daily, weekly or monthly inspections.

**AED CHECK**
