AMP1011

Single Rescuer with Soft Case

- **Choice of hard or soft case...**
moisture-resistant hard case features built-in handle/hanging bracket. Soft zippered case features clip.

- **Tough pocket-style mask...**
top-quality protection features one-way valve, oxygen barb and elastic strap.

- **Protective Gloves...**
non-latex nitrile gloves.

- **Heavy-Duty Emergency Shears...** used to cut away clothing.

- **Medical Prep Razor...** the same tool used in hospitals and ambulances for patient prep.

- **Absorbent Dry Towel...** large 10 X 13 inch towel to dry your patient or use as an extra dry wipe.

- **Antiseptic Towelette...** a brand name antiseptic wipe, not just alcohol pads as found elsewhere.

- **Equipment Towelette...** to clean and disinfect your AED or other equipment.

- **Biohazard Bag...** to help you dispose of everything properly.
